Last Week and all Buildings Have Name is Sam Blackwell and Was Fully Two-Thirds Necessary Vot-Been Put in Readiness for Opening.

Anderson college will throw open its doors for its fourth year's work on next Thursday morning at 10 o'clock, with the largest number of young ladies attending during any previous session. The enrollment for the dormitories has been encour-aging, about 50 pupils having been assigned to rooms.

During the past few days plumbers

During the past few days plumbers and carpenters have gone over the various buildings inspecting and making the necessary repairs. Everything is now in splendid shape for the care and comfort of the pupils.

Mrs. Johnson, the housekeeper, has been at work since the first of Sentember getting overwhites in the

cises next Thursday morning at 10 o'clock. The members of city council attended in a body last year and it is hoped that they will do this time.

Domestic Science.

tic art.

The college will arrange this year classes for the ladies from town in domestic science. The college year will be devided into three terms, and the cost of this course will be \$8 a term. Anyone who is interested in this course will please confer with Dr. Kinard as soon as possible. This course will no doubt be very attractive to the ladies of Anderson, and it is hoped that a large number will enroll.

A short time back, while a certain general was inspecting a regiment just about to depart for new quar-ters, he asked a younf subaltern what would be his next order, if he was in command of a regiment passpassed the house be a large majority and only lack of time prevented it being considered and probably passed by the senate. It will probably be introduced in congress again in December.

The lad with the permit uttered a cry of fright, dropped his rod and ran off at top speed. The game keeper was led a swift chase. Then worn out, the boy halted. The man seized him by the arm and said between pants: "Have you a permit to fish on this estate?

"Yes, to be sure," said the boy, quietly "You have? Then show it to me."

The boy drew the permit from his ocket. The man examined it and frowned in perplexity and anger "Why did you run when you had this permit?" he said.

"To let the other boy get away," as the reply. "He didn't have was the reply.

INCREASE IN POPULATION

is a hobby with us, for it isn't. We are simply reasoning from cause to effect; and we KNOW that when this European war closes, there will be hundreds of thousands of hard working, home-loving, thrifty people who are coming to America-"The Land of the Free" in search of a home and liberty.

ACTIVITY IN REAL ESTATE

Recently, on the strength of peace talk, there have been deals consumated in real estate that totaled several thousands of dollars; and we will wager that in no single case was the land sold for less than it sold for before, but on the other hand, that every piece was sold at a profit.

ANDERSON'S STEADY GROWTH

Had Anderson not made the increase in population that she has made these pieces of property which recently changed hands at a profit, would never have brought a good profit; and the recent purchasers will make a good profit on their investment just as surely as this town continues to grow.

UNPRECEDENTED PROSPERITY

Prosperity such as this country has never seen has been predicted for the U. S. just as soon as this war is over, by such men as Thomas A. Edison and others equally as well

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the Edneys clog you must help them flush off the they's prinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets cour, tongue coated and you feel rheumatic twinges when the weather is bad.

'O Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before

breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salta is inexpensive, cannot injure, makes a delightful effervescent lithia-wates drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming hidney trouble while it is only trouble.
